

Adam de winter. Personal Statement for Bar Secretary.

14th May 2021

I have been a member of Coolhurst since 1997, it a great club that contributes to the wellbeing of all that play and socialise there.

Having spent my working life in the construction industry, I am keen to help the development and maintenance of the clubs facilities. Ensuring they are undertaken professionally, to a high standard and we get value for money.

Areas like the Under-croft are not being utilized to their full potential, this is because the development will require some innovative construction solutions which I believe I can provide.

If elected I look forward to contributing to the best tennis club in North London.
